

WHOLE NO. 289

The Little Rock State Gazette says that Arkansas has within her limits lead enough to supply the armies of the world with bullets, saltpetre enough to supply them with powder, and several salt springs, capable of producing a great quantity of salt. *Peterburg Express.*

THE TIMES.

GREENSBORO, N. C.

Saturday August 31 1861.

Readers without Exceptions.

1. All who are now indebted to the office will be demanded every month until they pay. 2. No name will be entered on our book for subscription unless we first received the money or its equivalent. 3. No job will be delivered until paid for. 4. Legal blanks cash on delivery. 5. Transient advertisements must be paid for in advance; six and twelve months advertisements, on first of January and July. Persons from a distance can enclose any amount over a dollar they desire to invest in this way and we will be governed by our terms in any other column.

The Obituary column of this week's Times will convey to our readers the melancholy tidings of the death of the Editor's wife. All will doubtless sympathize with him in this sad bereavement. We, who have known her well, feel that the loss has not fallen alone upon him and his two little boys, for our community has lost a noble woman.

May God, in his infinite goodness and mercy, cause light to arise out of darkness. [Ed. Pros. Tex.]

Appointments by the Confederate Government.

Thomas R. Cain, of Hillsboro, Commissary of 3d Regt. N. C. Vols.
David Pender, of Edgecombe county, Quartermaster and Paymaster C. S. A.
Dr. D. A. Montgomery, of Alamance county, Surgeon 3d Regt. N. C. Vols.

Dr. George A. Foote, Surgeon C. S. A. Commissioned to date 1st June last.

ARMY APPOINTMENTS.—Gen. Gadsden of this State, has been appointed a Brigadier General by the government of the Confederate States of the military district of North Carolina.

Col. John B. Grayson, formerly of the U. S. Army, has been appointed Brigadier General in the Confederate Army, and has been assigned to duty on the Florida coast.

Congress has confirmed P. O. Hebert of Louisiana, as Brigadier General of the Confederate States Army. Also John A. Jones, of Georgia, and Hugh McLeod, of Texas, as Majors. Also Charles Strong, fellow of Virginia, as Assistant Adjutant General, with the rank of Captain.

Two Virginians Appointed to Fort Lafayette.

NEW YORK, Aug. 23.—Geo. Miles, of Richmond, and John Garnett Guthrie, of Petersburg, Va., collecting agents of tobacco houses, have been arrested and sent to Fort Lafayette. Mr. Guthrie is a heavy dealer and has large consignments here, in Philadelphia and Baltimore. Mr. Guthrie raised \$144,000 on shipments, which, through friends and agents, he invested in Confederate and Southern State bonds.

Mr. Miles was the agent of Jas. Thomas and had collected \$25,000, and had also made liberal investments in Confederate bonds.

About \$175,000 was recovered from Guthrie and Miles, principally in bonds, eight drafts, Virginia paper money, and \$100,000 in gold. A number of letters addressed to persons in the Southern States were found in their possession.

JOHN W. THOMAS, Esq.—The rumor that John W. Thomas, Esq., the Senator from Davidson, had been arrested and imprisoned in New York as a spy, is unfounded. Mr. Thomas is now occupying his seat in the Senate. He gave to the law and heard on his way to and in New York. He transacted his business and returned, without having been molested. Raleigh Standard.

Confederate Congress.

RICHMOND, Aug. 22.—The President has approved the following acts:

An act establishing uniform rules of naturalization for persons enlisted in the armies of the Confederate States.

An act to increase the corps of Artillery.

An act making an appropriation of fifty thousand dollars for services of physicians employed in conjunction with the medical staff of the army.

An act authorizing the Secretary of War to employ cooks and messes for the military service, and appropriating for such purpose \$130,000.

An act appropriating \$57,000,000 for pay of the military, Quartermaster's supplies, transportation, purchase of subsistence, ordnance stores, and medical supplies and service.

An act appropriating \$50,000 for the establishment and support of a military hospital.

An act to provide for local defenses and special purposes.

A resolution authorizing the Secretary of War to furnish, in his discretion, volunteer Cavalry companies all necessary equipments.

Some few other acts, not of general interest, were passed.

There are eleven States in the Confederacy. Of the aggregate white population of these States, North Carolina contains one-ninth, therefore her quota, in case an army of 400,000 men is called into the field, will be about forty-five thousand.

Some counties have already got up companies almost without end, while on the other hand some other counties have hardly made a beginning. With two or three companies more, which are now rapidly being got up, New Hanover will have put under arms a force equivalent to two regiments, and it is to be regretted that the idea of having them so arranged, was not earlier taken up. It would have been a feather in the cap of the old county, which we think she has well earned the right to wear, and it would also have excited a spirit of emulation among the other counties of the State.—Wilmington Journal.

The Confederate Government, it is believed, will have in its possession by the first of September certificates of transfer to the amount of 1,000,000 of bales of cotton of the growing crops, for which Confederate bonds are to be exchanged. The price regulating the exchange is to be the minimum value of cotton during the last three years. On these certificates of transfer British capitalists to advance 80 per cent in sterling exchange, taking as a basis of the purchase the average price of cotton during the past few years. This being the case, it would seem that the Government has at once a resource of specie, or its equivalent, of over thirty five millions of dollars. The process by which sterling can be converted into specie would not require any great financial ingenuity to execute. On this large amount of specie as a basis, might not the Government vastly extend its moneyed operations by the issue of Treasury notes?—Rich Examiner.

THE ARREST IN BOSTON.—A few days since we announced the arrest, in Boston, of Mr. John Williams, a citizen of Norfolk, Va. We are informed that he left home about a month ago, for the purpose of taking his child from Baltimore. What induced him to go to Boston, we are unable to say; but whether business or pleasure, he is now paying the penalty of his rashness. His wife is in Norfolk, and much distressed in consequence of his situation. For a Southern man to visit the antiquated city of Boston, in times like the present, is equivalent to offering one's wrists to be encircled with a pair of Yankee bracelets.—Petersburg Express.

Two Virginians Appointed to Fort Lafayette.

NEW YORK, Aug. 23.—Geo. Miles, of Richmond, and John Garnett Guthrie, of Petersburg, Va., collecting agents of tobacco houses, have been arrested and sent to Fort Lafayette. Mr. Guthrie is a heavy dealer and has large consignments here, in Philadelphia and Baltimore. Let North Carolina Look Out!

Fifteen hundred Tennesseans and Wataugans are said to be cutting up a considerable dust in Watauga county. The East Tennesseans finding some disaffected men in Watauga, crossed over the Alleghenies and are trying to arouse those people against the Southern movements. The West Tennesseans, we learn, have sent several companies of cavalry after the runaways to bring them back. Let N. C. be on her guard, and let her authorities hang or shoot every tory and Yankee they may lay their hands upon. If they make any more demonstrations in Watauga, the farmers should rise en masse to suppress them; and if they call upon the Associate Editor of this paper, he offers his services to command them.—Norton (N. C.) Express.

The Salisbury Watchman contradicts this report.

The Growing Crops in Europe.

Our files by the Persia say the reports from France respecting the harvest is not satisfactory. The crop is deficient, and weight is inferior. Wheat had risen one franc per sack. American red wheat was more abundant. Accounts have appeared in English agricultural journals, says the London Agricultural Gazette, that wheat is affected with rust and mildew to a great extent. This may be true enough of rust as regards white wheat, but it is too early to have much mildew at present.

The Richmond Examiner, in a recent issue, condemns justly the course of vilification and misrepresentation of that proud old State, which has been, as the Examiner says, "created by some ill begotten individuals." The Examiner does justice to the States of the original Montgomery Confederacy, but demands at the same time justice for Virginia, and in doing so takes occasion to pay a glowing tribute to North Carolina. Speaking of the States other than Virginia, the Examiner says:—"In men and money they have all made large contributions to the public defence, but not one of them, with the exception of North Carolina, has even approached the mark of Virginia. The noble State of North Carolina has furnished to the amount of 1,000,000 of bales of cotton of the growing crops, for which Confederate bonds are to be exchanged. The price regulating the exchange is to be the minimum value of cotton during the last three years. On these certificates of transfer British capitalists to advance 80 per cent in sterling exchange, taking as a basis of the purchase the average price of cotton during the past few years. This being the case, it would seem that the Government has at once a resource of specie, or its equivalent, of over thirty five millions of dollars. The process by which sterling can be converted into specie would not require any great financial ingenuity to execute. On this large amount of specie as a basis, might not the Government vastly extend its moneyed operations by the issue of Treasury notes?—Rich Examiner.

The Examiner says that Virginia has furnished 55,250 volunteer soldiers now in the ranks of the Confederate army and actually in the field.

Sixth Regiment of State Troops.

We hear that objection has been raised by some, to the appointment of Col. Pender, of the 3d volunteer regiment, to the command of the 6th of State troops at Manassas. We happen to know that ninetenths, if not all the officers of this regiment, who no doubt truly represented the men, preferred that a Colonel should be appointed, and that the regular line of promotion should not be observed; and we know, also, that Col. Pender is eminently fitted for the place. Gov. Clark has done well in appointing him, and we commend him for respecting the wishes of the regiment.—Raleigh Standard.

A REGIMENT OF N. CAROLINA CAVALRY.

—A cavalry regiment has been raised in North Carolina, and is now encamped at Ridge way. It is composed entirely of North Carolinians, under the command of Col. Ransom, all splendidly equipped, and will no doubt do splendid execution in the cause of the South when opportunity offers. The regiment consists of 800 men. The Petersburg Express says, "when the cavalry passes through Petersburg, it will present a spectacle worth witnessing." The old North State seems determined to leave nothing undone in the way of the discharge of a patriotic duty in this crisis.—Richmond Enquirer.

How THEY STOOD.—Gen. Irvin McDowell, of Ohio, who commanded the Federal army at the battle of Manassas Plains is a graduate of West Point, of the class of 1838. He was twenty third in a class of forty five. Gen. Beauregard, of the Confederate army, was second in the same class.

MARRIED.

By Dr. Sherwood in the Baptist Church, at the Indian Springs on the 1st inst., Prof. J. E. Willis, of Edgecombe, and Miss M. E. Curtis, of the former place. At Wild Wood, Aug. 15th, 1861, by Virgil A. Wilson, Evangelist, Mr. W. Joyce, of Yadkinville, to Miss Mollie J. daughter of the late Dr. J. C. Wilson.

DIED.

In Fulton Davis county N. C., at 6 o'clock, A. M., Aug. 24, of Typhoid fever, Miss SARAH SHARPE, in 23 years of her age. Death to her had no terrors, being, as she said, prepared and willing to depart, and be with Jesus and the Angels. She was from early youth a member of the M. E. Church. W. R. S.

OBITUARY.

Died on Wednesday, August 28th, 1861, at 4 o'clock P. M., MRS. CELESTIA ALERIGHT, wife of James W. Albright, aged 25 years, and 11 months. Our community has been deeply pained at the sudden and unexpected death of this estimable lady. She was a loving wife, a tender mother, and a firm and generous friend; and her loss is deeply felt by her husband, and two little children—George Brower, aged 3 years and James Monroe, aged 3 months. She was universally esteemed by her close friends of Greensboro Female College, and all others who knew her. We unite in sympathy with her bereaved relatives and friends; and painfully regret the loss of one so young and so generally beloved. O God! how wonderful are thy ways! May this sad dispensation of Thy providence redound to Thy glory, and may thy tender mercy rest upon the heart of the stricken husband, in the prayer of A Friend.
